Comprehensive Safety Action Plan

Project Team

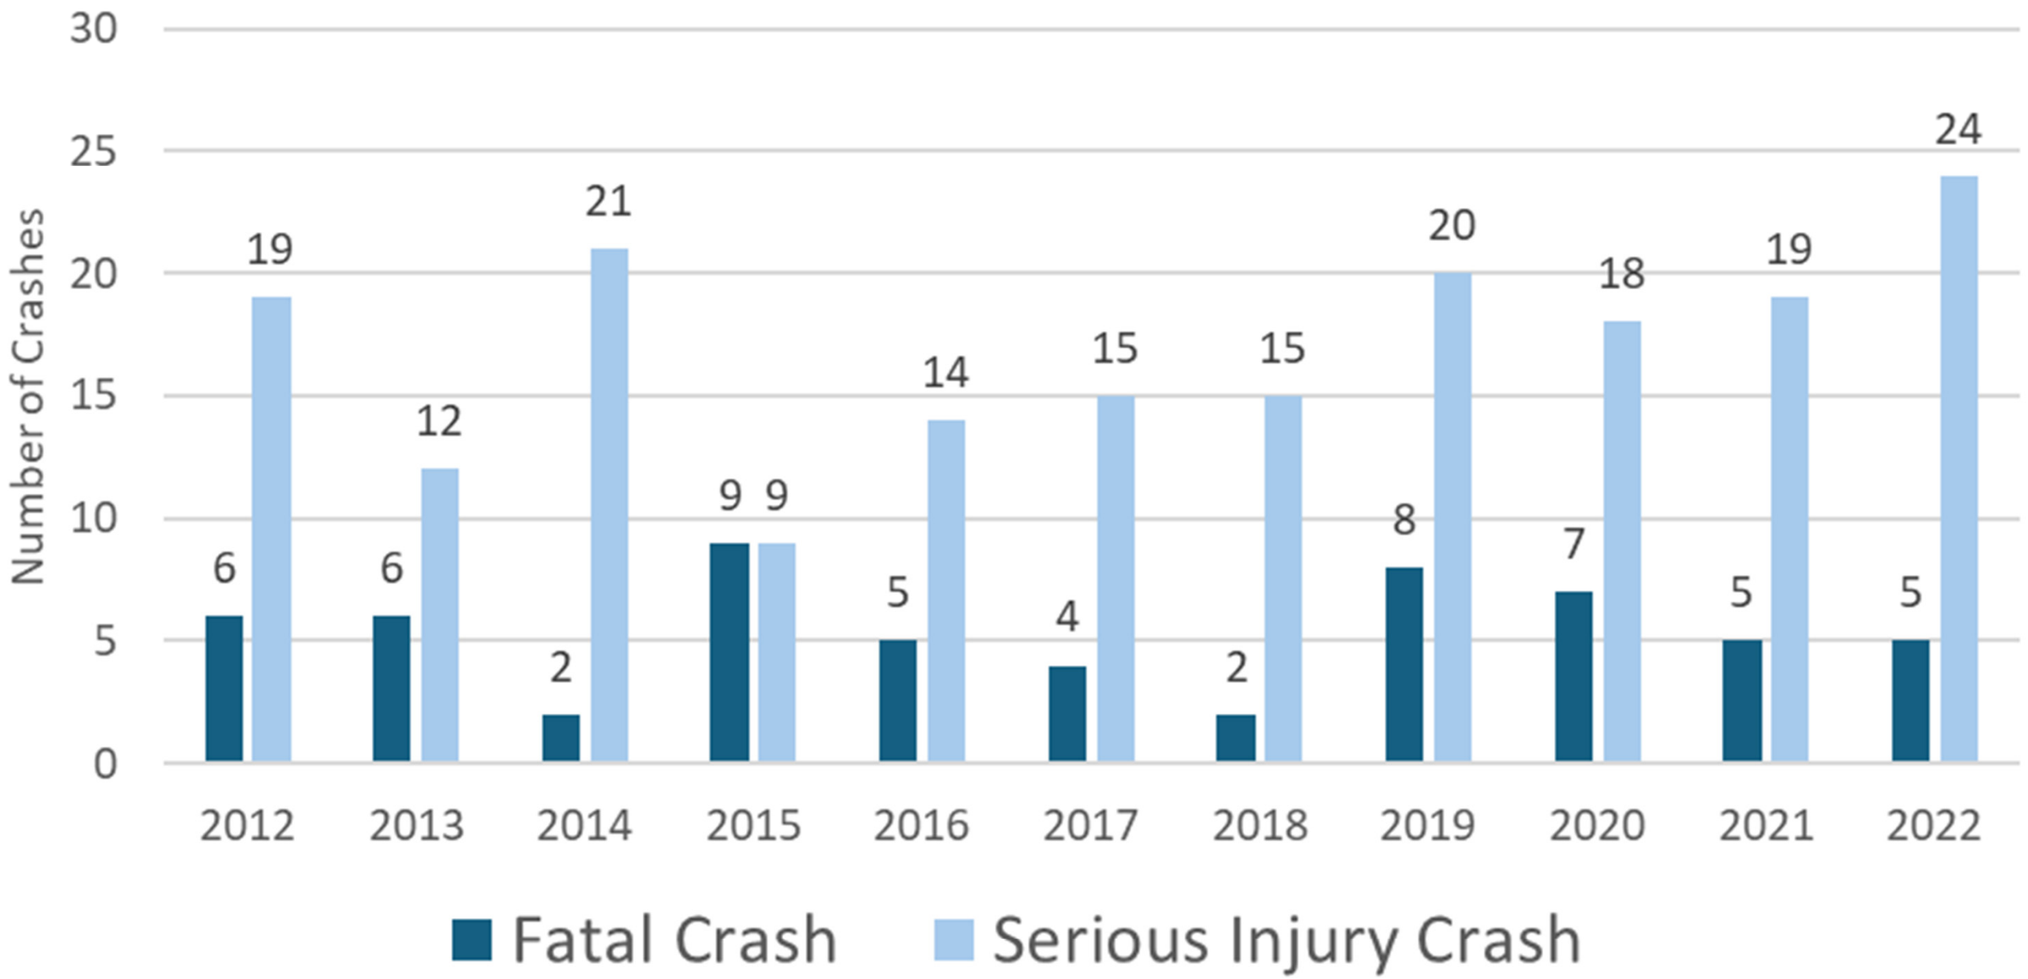

DKS

TOOLE DESIGN

Fatal and serious injury crashes in the IRTPO region have steadily increased since 2012…

IRTPO's Vision:

IRTPO will be committed to the goal to reduce the number of traffic deaths and serious injuries to zero by the year 2045.

Together, We Can Save Lives!

Together, we can commit to taking action.

BECAUSE EVERY LIFE COUNTS

IRTPO COMPREHENSIVE SAFETY ACTION PLAN

What is a Comprehensive Safety Action Plan (CSAP)?

- A plan to **enhance public safety across all modes of transportation**.
- Aims to…
  - > Identify risk factors
  - > Set clear safety targets
  - > Implement data-driven strategies and improvements

What is the purpose?

- Systematically **reduce traffic-related deaths and serious injuries.**
- Foster a **safer**, more **inclusive**, and **accessible environment for all** residents and visitors.

Safe Streets and Roads For All (SS4A) Funding

- **Funding Source:** Bipartisan Infrastructure Law (BIL)
- **Total Funds:** $5 billion over 2022-2026
- **Purpose:** Prevent roadway deaths and serious injuries
- **Grants Offered:** Planning and Demonstration Grants for safety action plans; Implementation Grants for safety projects and strategies

Goal: Create the CSAP to be eligible for more project grant funding and future opportunities

- SS4A (Potentially May 2025 and May 2026)

Crash Severities

- **Fatal injury**
- **Suspected serious injury (serious injury)**
- **Suspected minor injury (minor injury)**
- **Possible injury**
- **Property damage only (PDO) or No Apparent Injury**

the most severe crashes

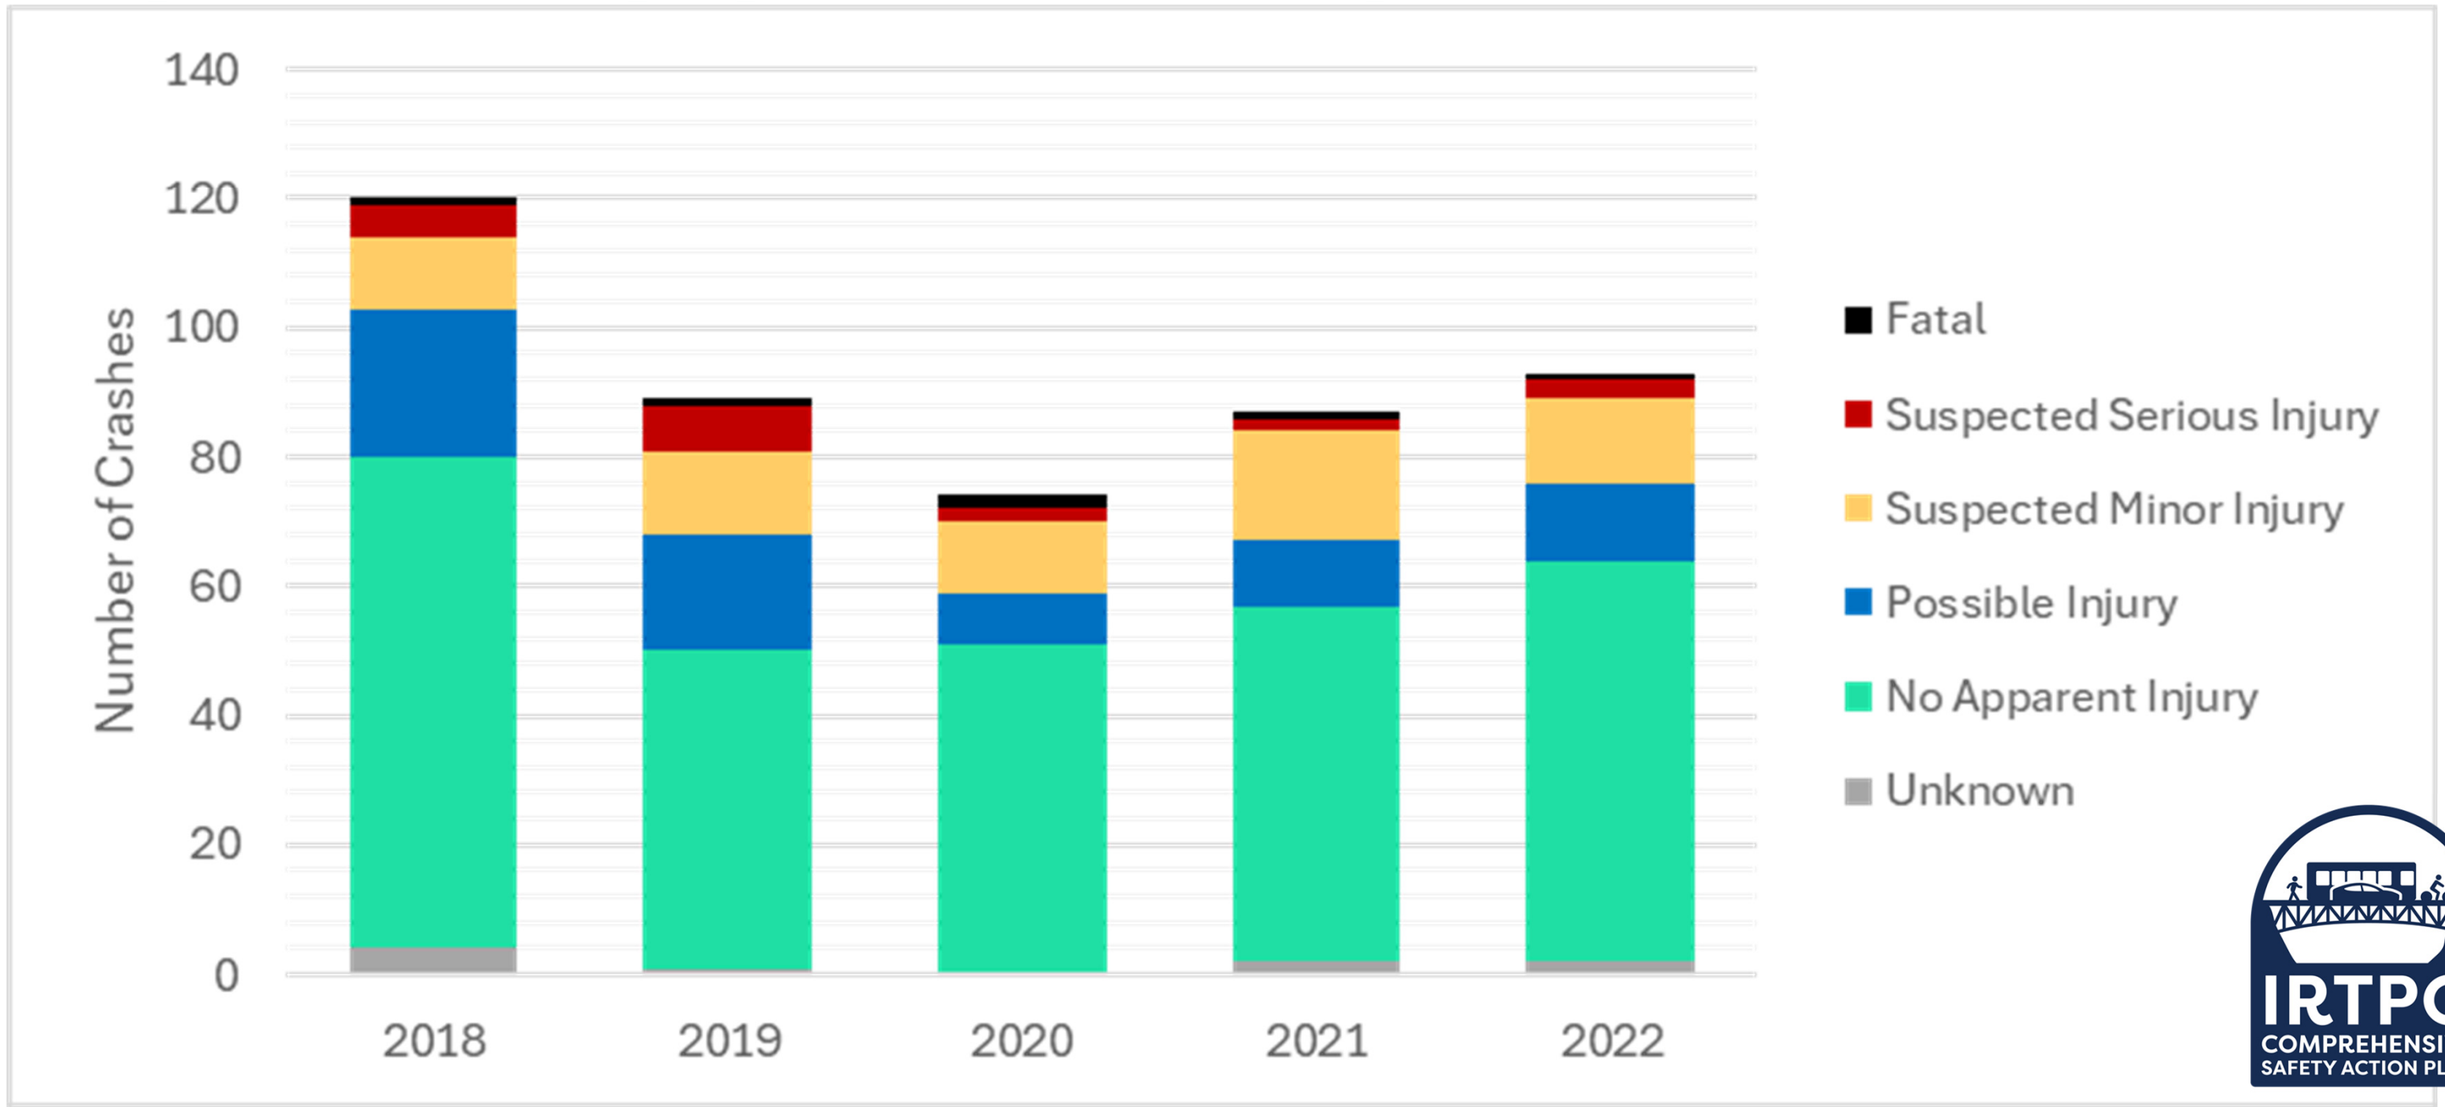

Camano Island: Crash Data Summary (2018 - 2022)

	Camano Island Only			Island County		
YEAR	FATAL CRASHES	SERIOUS INJURIES	ALL CRASHES ON CAMANO ISLAND	COUNTYWIDE FATAL CRASHES	COUNTYWIDE SERIOUS INJURIES	COUNTYWIDE ALL CRASHES
2018	1	5	120	2	15	708
2019	1	7	89	8	20	722
2020	2	2	74	7	18	599
2021	1	2	87	5	19	707
2022	1	3	93	5	24	624
TOTAL	6	19	**463**	27	96	**3360**

Camano Island: Crash Data Summary (2018 - 2022)

	CAMANO ISLAND	ISLAND COUNTY (COUNTYWIDE)
PEDESTRIAN INVOLVED	3	37
SPEEDING DRIVER	63	514
MOTORCYCLE INVOLVED	6	101
LANE DEPARTURE	185	977
DISTRACTED DRIVING	116	848
ALCOHOL IMPAIRED	47	528
INTERSECTION RELATED	136	1,278
YOUNG DRIVERS (16 -25)	154	1,164
WILDLIFE	16	728

Number of Crashes in Camano Island By Severity (2018-2022)

IRTPO COMPREHENSIVE SAFETY ACTION PLAN

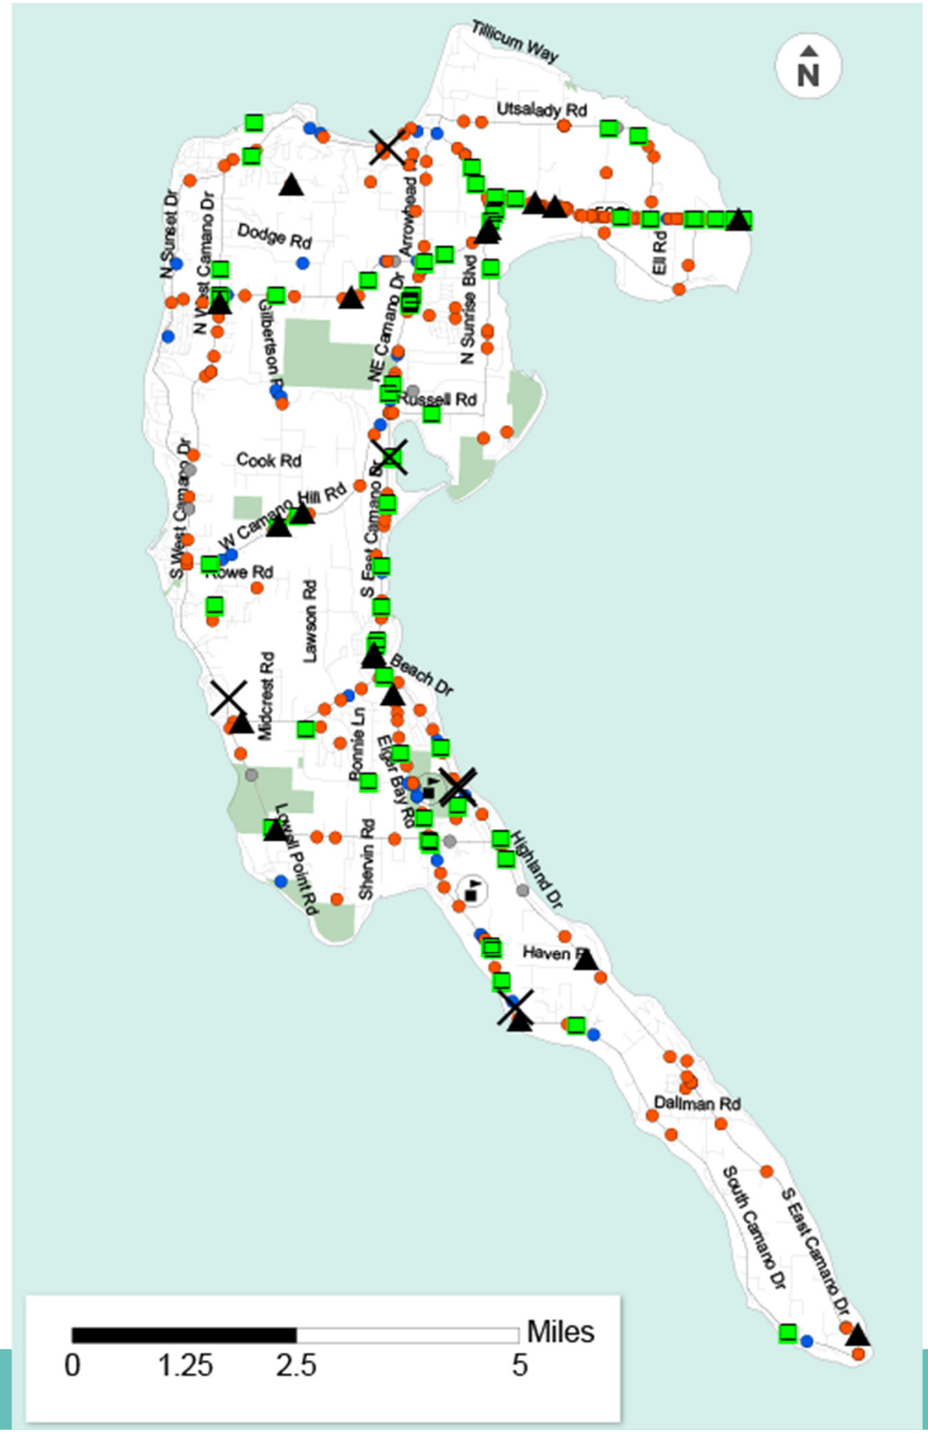

Number of Crashes in Camano Island By Grouped Crash Cause (2018-2022)

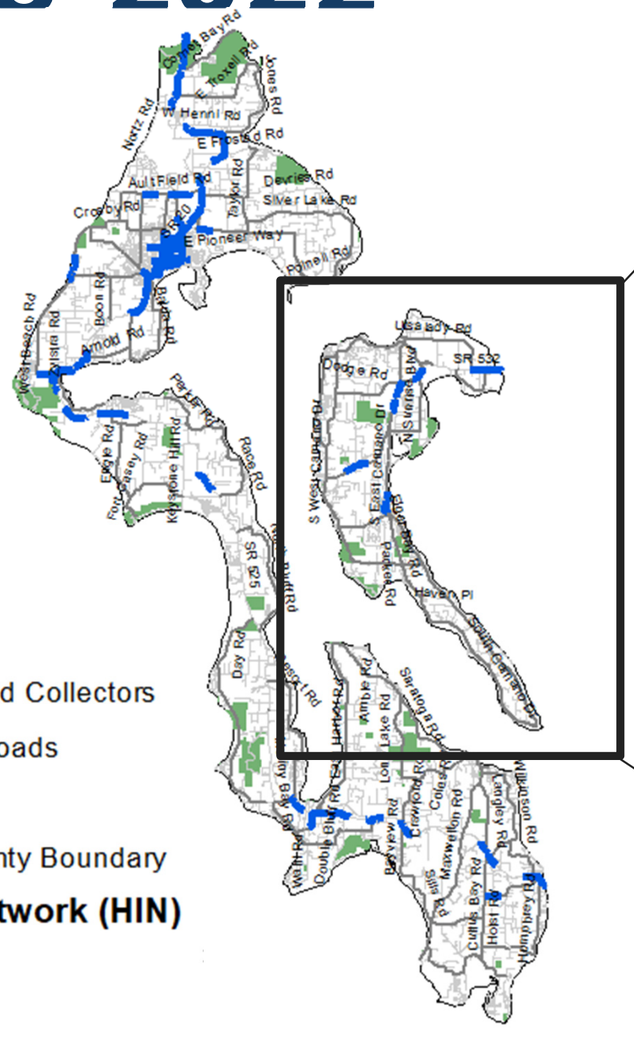

Map of Crashes 2018-2022

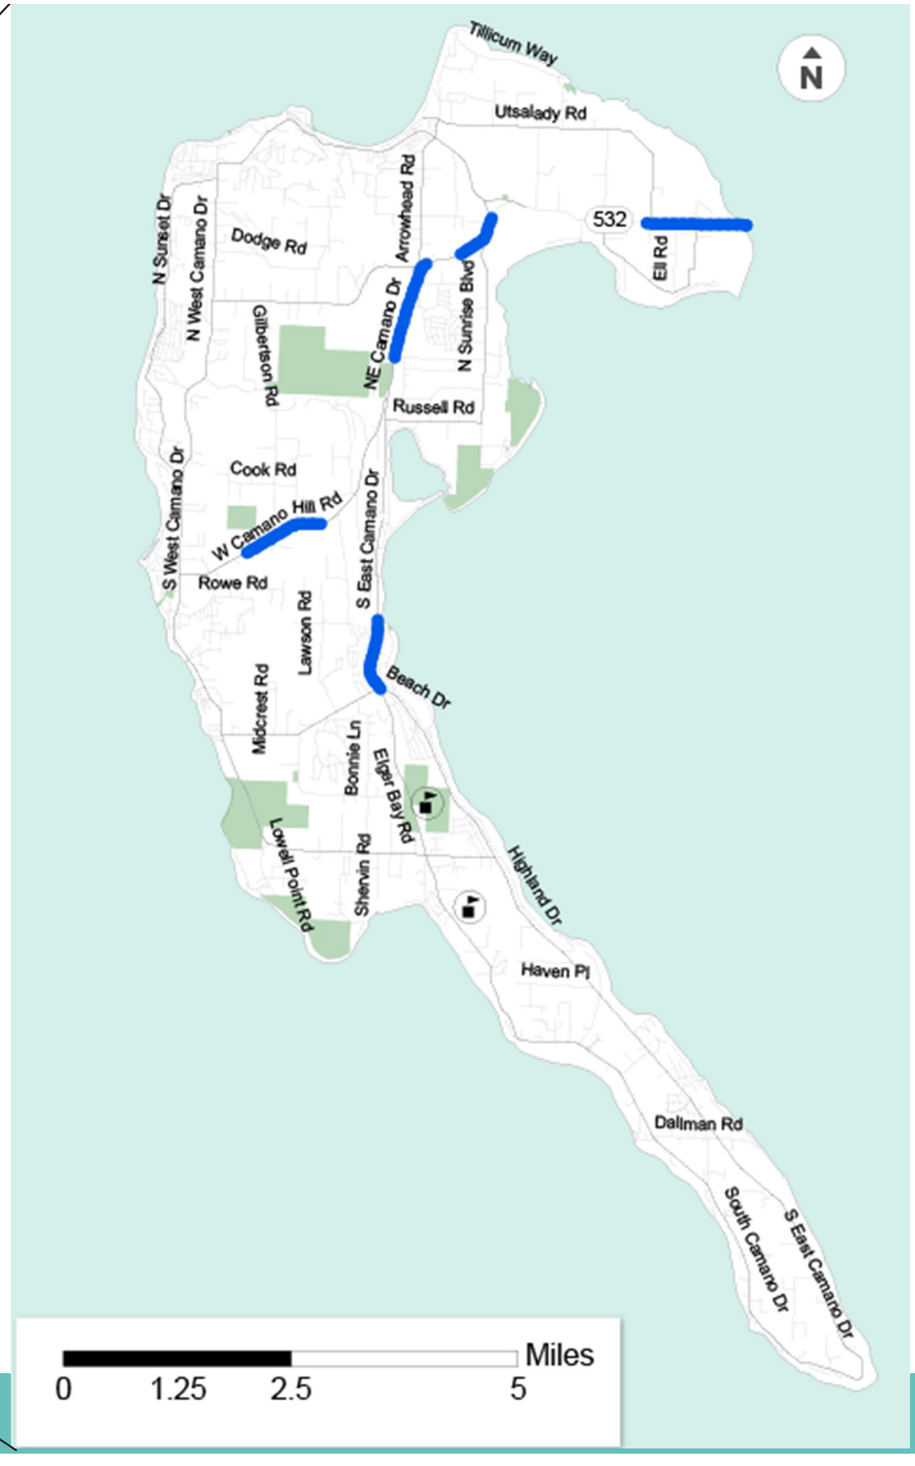

Legend

- Fatal
- Suspected Serious Injury
- Suspected Minor Injury
- Possible Injury
- Unknown

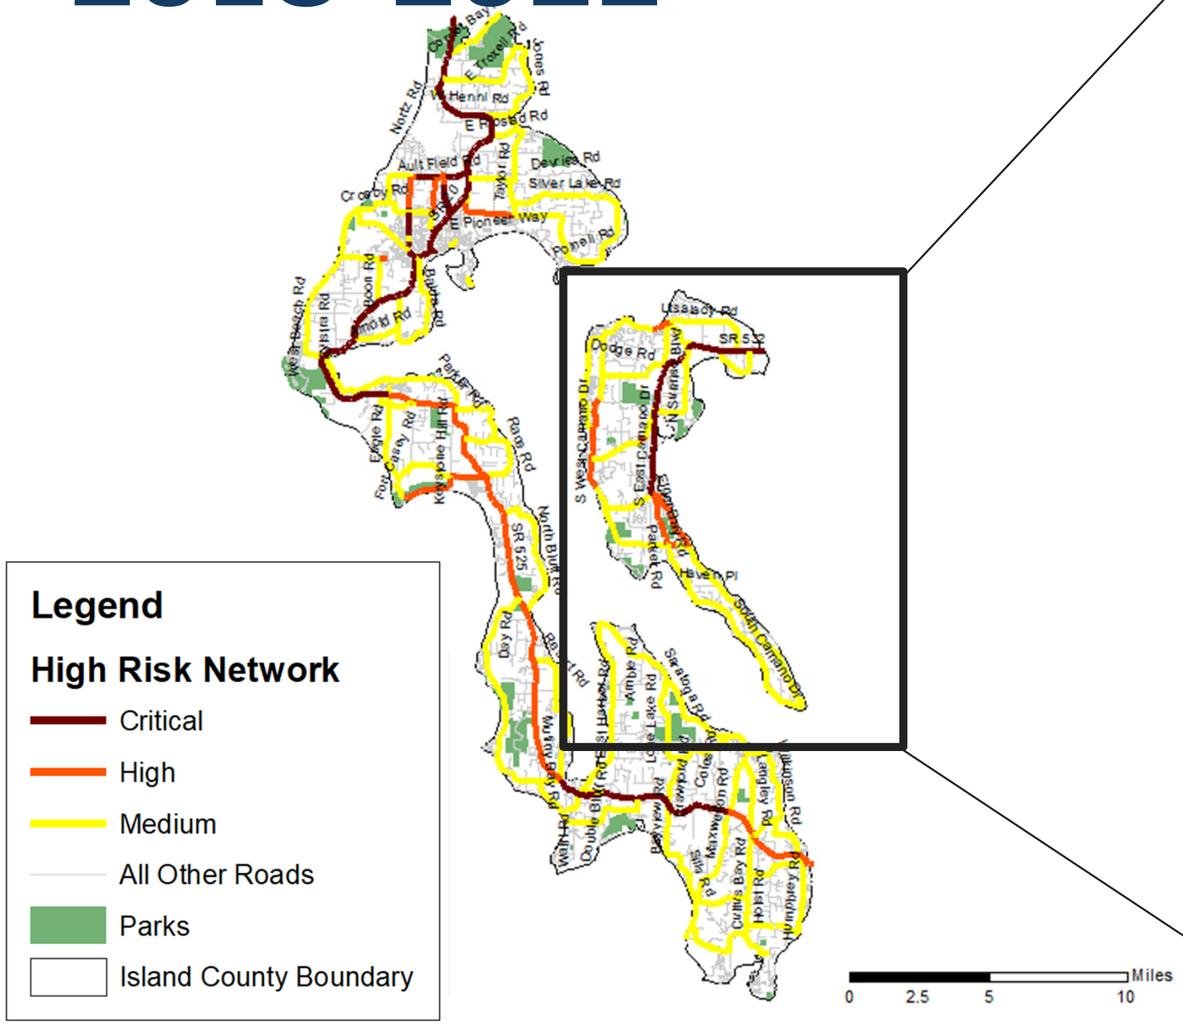

High Injury Network 2018-2022

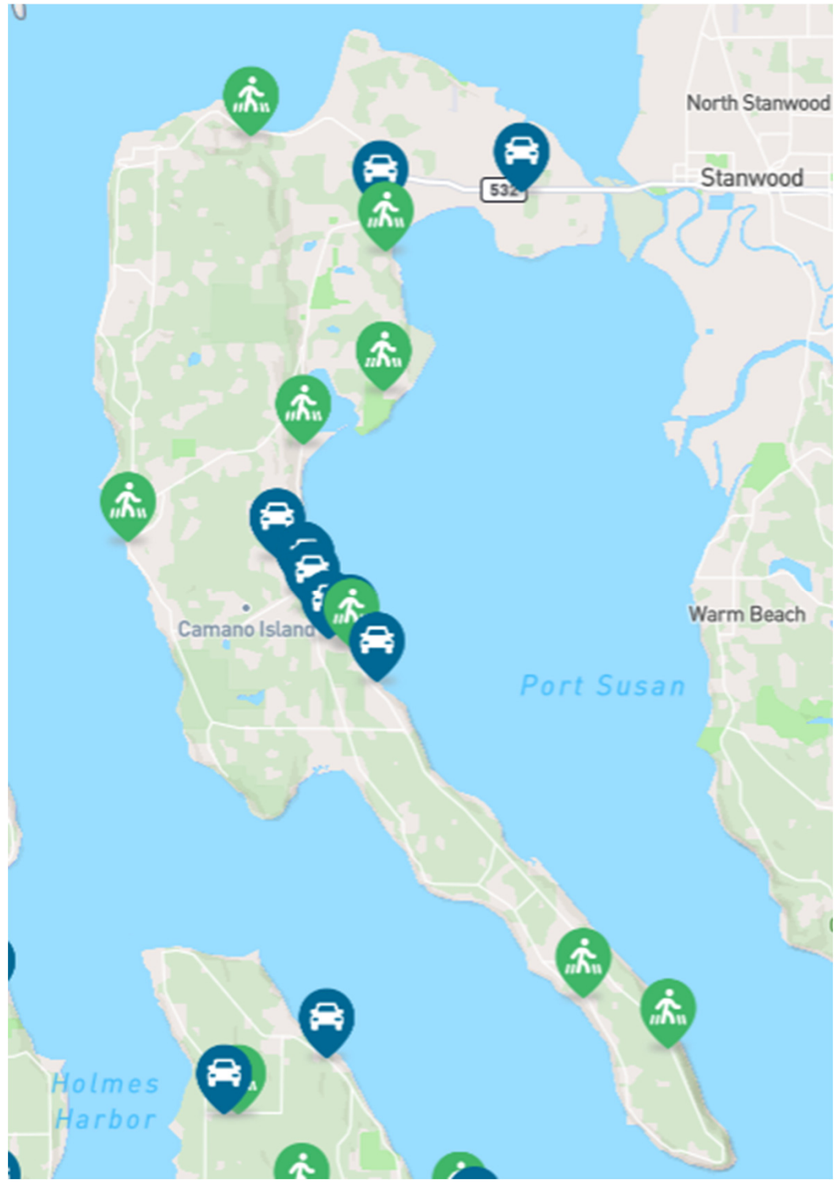

Safe System Network 2018-2022

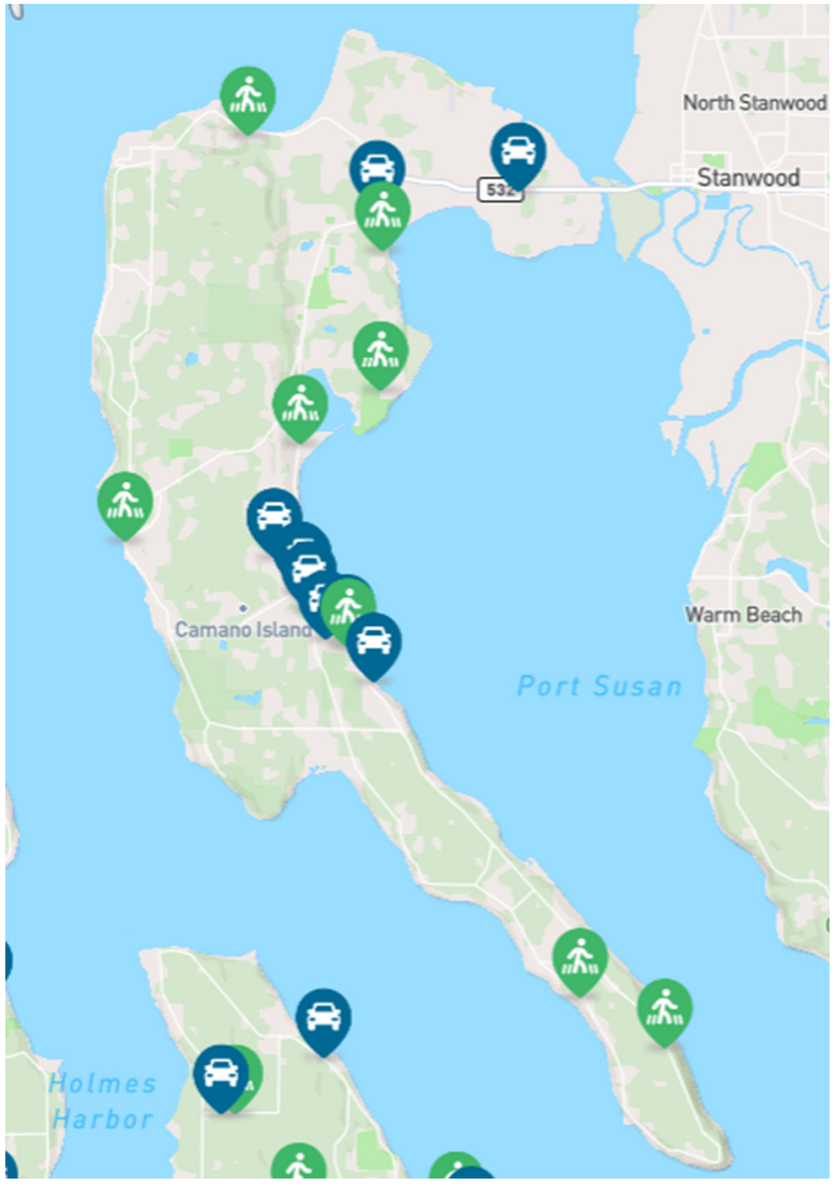

Camano Island: Feedback Received So Far

- Unsafe for biking and walking at/near
  - W N Camano Dr west of Fay Ln/Campbell Dr
  - SE Camano Dr and Short Rd
  - S Camano Dr west of Bernie Rd
  - SE Camano Dr north of Garrison Rd
  - SE Camano Dr south of Teresa St

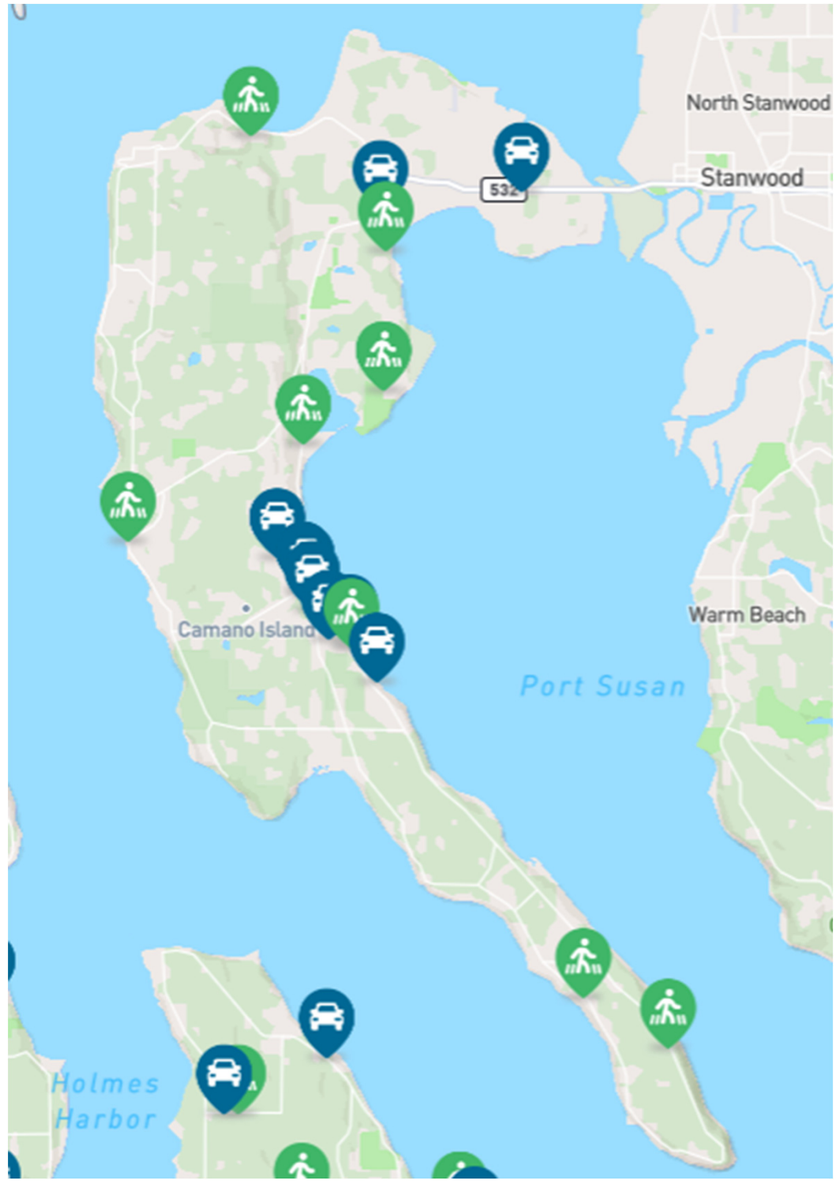

Camano Island: Feedback Received So Far

- Addition of slow vehicle turnout lanes along E. Camano Rd from the transfer station to Country Club
- Unsafe entering/exiting SR 532 near Utsalady Rd
- Dangerous left turn movement from Village Pl onto northbound Elger Bay Rd
- Speed limit decrease from 50 to 35 along E Camano Dr near County office

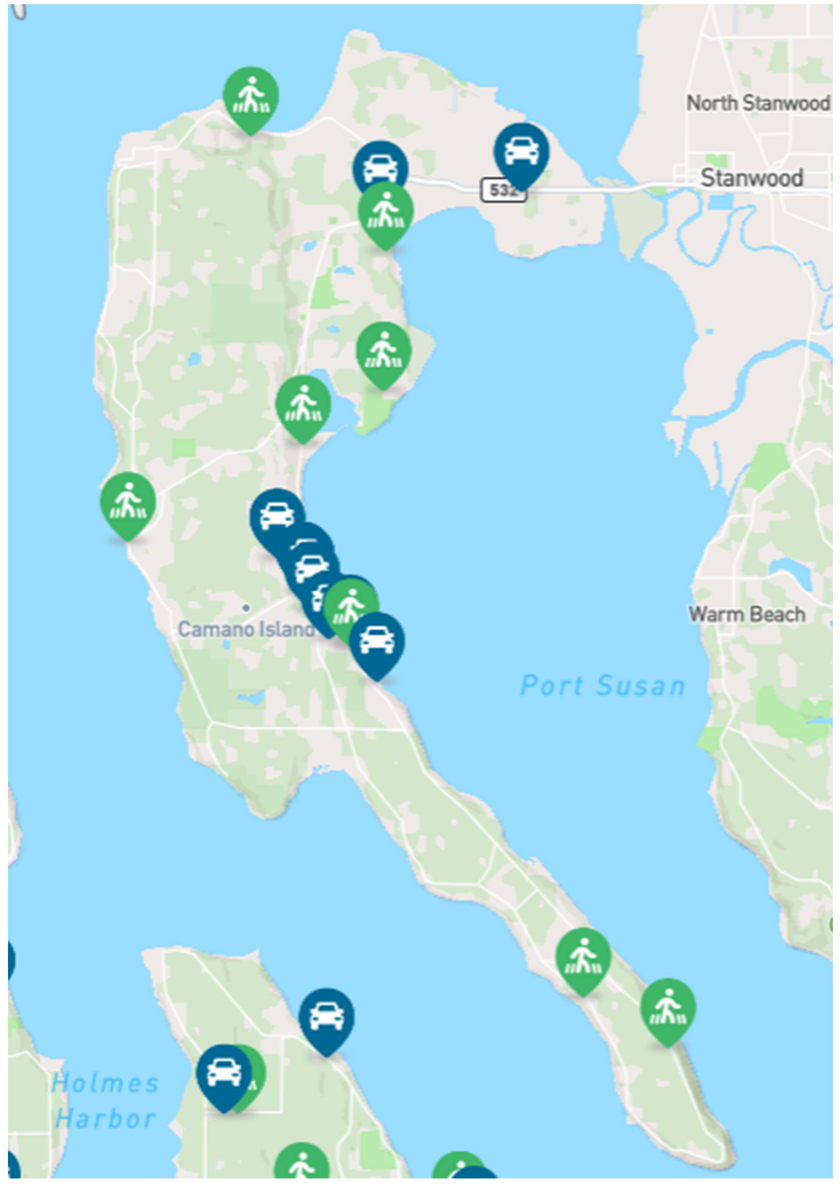

Camano Island: Feedback Received So Far

- Low lighting levels along NE Camano Dr south of N Sunrise Blvd
- Prioritize infrastructure updates on designated bike routes (i.e. widen shoulders and provide bike/ped infrastructure along N Sunrise Blvd near Grace Ct, Iverson Beach Rd, etc.)
- Traffic circle at Monticello Dr/Elger Bay Rd/SE Camano Dr

Camano Island: Feedback Received So Far

- Speeding near/along
  - SE Camano Dr and Cascade View Dr
  - SE Camano Dr near Teresa St
  - SE Camano Dr near Hartman Pl
  - SE Camano Dr near Shady Ln
  - Monticello Dr
  - Elger Bay Rd between Monticello Rd and fire station
  - Crestview Dr

Virtual Meetings

Tuesday, Nov. 12
4 - 5 pm

Thursday, Nov. 14
4 - 5pm

What is a CSAP?

The CSAP aims to reduce fatal and serious-injury crashes affecting all roadway users by analyzing data to determine roadway problems and identify potential safety projects. As part of the CSAP, we want to collaborate with community members and include your input into the decision making process.

What if I can't attend an in-person event?

Due to the high amount of interest in virtual focus groups, we have shifted to host **virtual meetings** to accommodate more people to share their ideas virtually. The virtual meeting will have a short presentation and then followed by a discussion period.

Please register for one of the two following virtual events:

- Tuesday, November 12th, 4:00 p.m. - 5:00 p.m. : **CLICK HERE TO REGISTER**
- Thursday, November 14th, 4:00 p.m. - 5:00 p.m. : **CLICK HERE TO REGISTER**

Schedule Update

April 2024

- **Determine the Vision Zero Goal**
- **Meetings with TAC**
- **Launch website**

May 2024

- **Present the Vision Zero Goal to the IRTPO Executive Board**

Summer/Fall 2024

- **Data Collection**
- Public Outreach
- Crash Data Analysis

Winter 2024

- Draft the CSAP
- Propose Potential Projects for Safety Improvements

Spring 2025

- Finalize & Approve CSAP

THANK YOU!

Questions, comments, or concerns? Please don’t hesitate to contact us!
