Detail A

Madison Avenue (5th Street to 9th Street)

Proposed improvements at this location includes contraflow bike lanes, converting existing angled parking to parallel parking, and adding sharrows where bikes travel in the same direction as traffic.

Detail B

Madison Avenue (1st Street to 5th Street)

Proposed improvements at this location includes contraflow bike lanes, converting existing angled parking to parallel parking, reducing a travel lane between 2nd Street and 5th Street, and adding sharrows where bikes travel in the same direction as traffic. Between 2nd Street and 5th Street.
